

David Swallow

David Swallow is Deputy CEO for the Regional Transportation Commission of Southern Nevada, serving the Las Vegas metropolitan area and surrounding communities. In this role, David oversees the planning, engineering, and funding programs for the region's transportation infrastructure, development of new transit facilities and systems, operation of the public bike share system, implementation and support of new technologies, and coordination of roadway and freeway operations through the region's traffic management center.

David Swallow is a licensed professional engineer with over 25 years of transportation related experience and has worked with the Regional Transportation Commission of Southern Nevada since 2001. He earned both his Bachelors and Masters of Science degrees in Civil Engineering from the University of Nevada, Las Vegas.
