#### **APPLICATION HIGHLIGHTS**

- Axion Corporation is considering establishing a facility in Reno, NV. The northern Nevada facility would house the company's engineering,

- manufacturing, distribution, headquarters, and satellite support services.
- The target date for the expansion is fall 2018, with operations to commence in November 2018.

#### PROFILE

Axion Corporation is a provider of satellite-based entertainment services for the consumer and commercial markets. The company is a start-up currently based in Las Vegas, Nevada. After careful consideration of growth potential, the company has formulated plans to relocate to Reno, Nevada from its current location. The company plans to hire and train employees from the local Reno area, and begin engineering, manufacturing, distribution, headquarters, and satellite support services at a location in the Reno area for which we are currently searching. The target date for the physical move is fall 2018, with operations to commence in November 2018. *Source: Axion Corporation* 

### SIGNIFICANCE OF ABATEMENTS IN THE COMPANY'S DECISION TO RELOCATE/EXPAND

Axion Corporation is eyeing tremendous opportunity in its markets and, like any young company, needs to establish its operations in a cost-effective manner to support its projected growth. The incentive and abatement programs offered through GOED will make it possible to build the company's manufacturing, engineering, distribution, business and headquarters operations in a manner that is pleasing to investors and essential to Axion Corporation's bottom line. These incentives and abatements are of the highest importance to Axion Corporation and the company is grateful to be included as a candidate for these programs. *Source: Axion Corporation*

**Re: Axion Corporation** 

Dear Paul;

EDAWN hereby supports the application of Axion Corporation for the Sales & Use Tax Abatement, Modified Business Tax Abatement, and Personal Property Tax Abatement.

Axion is a provider of satellite-based entertainment services for the consumer and commercial markets. The company is planning to relocate its corporate headquarters, manufacturing and engineering to Reno with plans to commence operations by November 2018.

The company will be investing approximately \$27,000,000 in capital equipment and plans to hire 205 employees by the end of Year Two at an average wage of \$40.60 per hour and 511 employees at the end of 5 years.

The company's compensation package includes medical, dental, and vision benefits. Additional compensation includes merit increases, overtime, PTO/sick/vacation, retirement plan/profit sharing/401K, tuition assistance, retirement plan/profit sharing/401K, and bonus. Employee health insurance is covered 70% by the company and commences upon employment.

EDAWN supports this application as the company meets all three program requirements. Your consideration and support of the incentive application for Axion is a significant factor in their pending decision to expand in northern Nevada and speaks favorably to the State's business-friendly environment.

Sincerely,

tan Shonon

Governor's Office of Economic Development 808 West Nye Lane Carson City, NV 89703

Dear Commission Members:

Axion Corporation is a provider of satellite-based entertainment services for the consumer and commercial markets. We are a start-up currently based in Las Vegas, Nevada. After careful consideration of our growth potential, our company has formulated plans to relocate to Reno, Nevada from our current location in Las Vegas, Nevada. We plan to hire and train employees from the local Reno area, and begin engineering, manufacturing, distribution, headquarters, and satellite support services at a location in the Reno area for which we are currently searching. The target date for the physical move is fall 2018, with operations to commence in November 2018.

The decision to relocate our operations from Las Vegas operation to Reno was due to several factors, including the business tax structure, cost of living, availability of technical talent, and logistic advantages offered by the region. In addition, Axion is aware of the benefits of the State Incentive Program, and this also was a critical factor in deciding to relocate our manufacturing and engineering operations to Reno.

The relocation plan to Reno involves setting up a manufacturing operation and engineering offices and investments in additional equipment. In order to staff and operate our operations, the plan is to hire up to 205 employees in the first two years, with increases over five years. The average hourly rate of the employees is projected to be \$40.60.

We are excited about the market opportunities presented by this relocation and the advantages that locating this facility in Reno will offer our company. In conjunction with Nevada's business-friendly environment, we see this as a first step in what will be increased growth for Axion Corp.

Sincerely, rettas

### Section 3 - Program Requirements

Section 4 - Nevada Facility

Please check two of the boxes below; the company must meet at least two of the three program requirements:

- A capital investment of \$1,000,000 in eligible equipment in urban areas or \$250,000 in eligible equipment in rural areas are required. This criteria is businesses. In cases of expanding businesses, the capital investment must equal at least 20% of the value of the tangible property owned by the business.
- New businesses locating in urban areas require fifty (50) or more permanent, full-time employees on its payroll by the eighth calendar quarter following quarter in which the abatement becomes effective. In rural areas, the requirement is ten (10) or more. For an expansion, the business must increase employees on its payroll by 10% more than its existing employees prior to expansion, or by 25 (urban) or 6 (rural) employees, whichever is greater.
- In urban areas, the average hourly wage that will be paid by the business to its new employees is at least 100% of the average statewide hourly wage.
  In urban areas, the average hourly wage will equal or exceed the lesser of the county-wide average hourly wage or statewide average hourly wage.

Note: Criteria is different depending on whether the business is in a county whose population is 100,000 or more or a city whose population is 60,000 or more (i.e., "urban" area), or if the business is in a county whose population is less than 100,000 or a city whose population is less than 60,000 (i.e., "rural" area).
