APPLICATION HIGHLIGHTS

- The Power-Sonic Corporation (Power-Sonic) is considering relocating from its current location in San Diego, California to Reno, Nevada.
- The Nevada facility would house the company's corporate headquarters, warehousing, and distribution center operations.
- The company would seek to hire and train employees from the local Reno area.

PROFILE

Power-Sonic has been a leading force within the power storage industry for nearly 50 years, providing an innovative range of batteries and power storage solutions. Power-Sonic designs, manufactures, and markets rechargeable batteries and chargers, and offers a range of complete power storage solutions to help solve a wide array of power challenges. The company offers sealed lead acid batteries, powersport batteries, nickel-cadmium and nickel-metal hydride batteries and battery chargers. The company's range of batteries are designed and manufactured using the latest technology and state-of-the-art equipment to ensure they meet the unique demands of each application. The company's battery products can be found in industries and applications in over 70 countries worldwide. Power-Sonic utilizes a worldwide distribution network with hubs in San Diego, CA; London, England, and Paris, France. Additionally, the company has manufacturing facilities and offices across the globe. Power-Sonic's mission is to deliver power storage solutions globally, through the supply of the highest quality technologies, at the fairest price allied with outstanding service. *Source: The Power-Sonic Corporation*

SIGNIFICANCE OF ABATEMENTS IN THE COMPANY'S DECISION TO RELOCATE/EXPAND

The decision to relocate its warehouse, distribution and corporate headquarters to Reno was due to several factors, including the business tax structure, cost of living, and logistic advantages offered by the region. In addition, Power-Sonic is aware of the benefits of the State Incentive Program and this, along with Nevada's favorable tax climate, is a critical factor in deciding to relocate to Reno. *Source: The Power-Sonic Corporation*

Re: Power-Sonic

Dear Paul;

EDAWN hereby supports the application of Power-Sonic for the Sales & Use Tax Abatement, Modified Business Tax Abatement, and Personal Property Tax Abatement incentives.

Power-Sonic is an international distributor of power storage products and batteries and is planning to open a new distribution warehouse and headquarters in the Reno area. The company plans to shutter one of their existing operations in San Diego, CA.

Power-Sonic will be investing approximately \$450,000 in capital equipment and plans to hire 50 employees by the end of the second year at an average wage of \$40.52 per hour.

The company's compensation package includes medical, dental, vision, and merit increases, overtime, PTO/sick/vacation, retirement plan/profit sharing and bonus. Employee health insurance is covered 85% by the company and commences three months after hire date.

EDAWN supports this application as the company meets two of three incentive requirements. Your consideration and support of the incentive application for Power-Sonic is a significant factor in their pending decision to expand in northern Nevada and speaks favorably to the State's business-friendly environment.

Sincerely,

Stan Thomas
EDAWN, Executive Vice-President

Dear Commission Members:

The Power Sonic Corporation ("Power-Sonic") is an international group of companies, with manufacturing facilities and offices across the globe. Power-Sonic has been a leading force within the power storage industry for nearly 50 years, providing an innovative range of batteries and power storage solutions. The plan is to relocate from the current location in San Diego, California to Reno, Nevada. We plan to hire and train employees from the local Reno area, and begin warehouse distribution and corporate headquarters operations at the Reno facility. The target date for the physical move is December 1, 2018, with operations to commence February 1, 2019.

Power-Sonic has facilities in California, Illinois, United Kingdom, France and Mexico. The decision to relocate the warehouse distribution and corporate headquarters to Reno was due to several factors, including the business tax structure, cost of living and logistic advantages offered by the region. In addition, Power-Sonic is aware of the benefits of the State Incentive Program, and this also was a critical factor in deciding to relocate to Reno.

The relocation plan to Reno involves moving from the current San Diego facility and investing in additional equipment. In order to staff and operate our operations, the plan is to hire a total of 50 employees. The average hourly rate of the employees is projected to be \$40.

We are excited about the market opportunities presented by this relocation and the advantages that locating this facility in Reno will offer our company. In conjunction with Nevada's business-friendly environment, we see this as a first step in what will be increased growth for Power-Sonic.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Beaver".
