Arcadia Cold Reno, LLC (Arcadia) plans to establish a 238,603 sq. ft. cold storage facility in Sparks. Established in 2021, Arcadia specializes in providing third-party handling, storage, distribution, and value-added services to the food industry. The company bridges the innovation and supply gaps within the cold industrial industry in the United States through modern cold storage warehouse development expertise. Arcadia designs and deploys modern facilities and offers services for port handling, cross-docking services, retail consolidation, and order management processes. Arcadia focuses on food security, in the US, by ensuring perishable items are transported safely to customers throughout the nation. The company's mission is to provide innovative solutions through the practical application of technology, creating meaningful value for customers while helping them meet their strategic objectives. Arcadia believes Reno is a unique market that will serve as a distribution, or consolidation hub, for the West Coast and Pacific North West areas. The company also evaluated Salt Lake City, Houston, South Philadelphia, New Jersey and the Pacific North West region, as potential locations for the project. Source: Arcadia Cold Reno, LLC

IMPORTANT TERMS & INFORMATION

Tax Abatements are reduction or discount of tax liability and companies do not receive any form of payment.

Total Estimated Tax Abatement is a tax reduction estimate. This estimated amount will be discounted from total tax liability. **Estimated New Tax Revenue** is amount of tax revenues local and state government will collect after the abatement was given to applying company.

Economic Impact is economic effect or benefits that this company and it's operations will have on the community and state economy measured by total number of jobs, payroll and created output.

August 1, 2023

Tom Burns, Executive Director Governor's Office of Economic Development 808 West Nye Lane Carson City, NV 89703

Re: Arcadia Cold Reno, LLC

Dear Mr. Burns:

EDAWN hereby supports the application of Arcadia Cold Reno, LLC for the Sales & Use Tax Abatement, Modified Business Tax Abatement, and Personal Property Tax Abatement incentives.

Arcadia Cold, LLC via its subsidiary Arcadia Cold Reno, LLC, will be operating a cold storage facility in Reno. Arcadia believes Reno is a proven market where this expansion will serve as a distribution/consolidation hub for the West Coast and Pacific Northwest operations.

The company will be making an overall capital investment of \$4,806,105 and plans to hire 75 employees within the first 2 years at an average wage of \$30.87 per hour.

The company's compensation package includes medical benefits, dental & vision benefits, overtime, PTO/sick/vacation, bonus, retirement plan 401K. 80% of the employee health insurance portion is offered to its employees and future hires as a part of this application.

EDAWN supports this application as the company meets all three incentive thresholds. Your consideration and support of the incentive application for Arcadia Cold Reno, LLC is a significant factor in their pending decision to expand in northern Nevada and speaks favorably to the State's business-friendly environment.

Sincerely,

Heather Wessling-Grosz

EDAWN, Executive Vice-President

Mr. Thomas Burns Executive Director Nevada Governor's Office of Economic Development 555 E. Washington Ave., Suite 5400 Las Vegas, NV 89101

Re: Intent to Apply for GOED Incentive Program

Dear Mr. Burns:

Please accept this letter of intent as required pursuant to the Nevada Governor's Office of Economic Development (GOED). Arcadia Cold Reno, LLC, a Delaware limited liability company (the "Company") recently entered into a 15-year lease agreement to operate a temperature-controlled facility in the city of Sparks, NV. The Company is interested in applying for tax abatements available under the Program, which was an important factor during our site selection decision which included other key distribution markets.

This newly built facility in the county of Washoe is expected to go-live in September of 2023. The Company is currently in the process of hiring key individuals for the facility and expects to create an estimated 75 local jobs when the facility is at full ramp with an average hourly wage rate of \$30.87. We are confident that we will be able to find great associates within the Reno market.

In addition to the job creation, the Company will also be investing approximately \$2M in tenant improvements and \$2.8M in warehouse-related equipment. By locating in Reno, we hope to serve customers and consumers in the Northern California markets. We will expect to handle products coming out of Northen California to be distributed to the East. There is also a possibility that the Company could expand this facility in the future or add another site in the market depending on demand for cold storage.

We have included as part of the application an overview of Arcadia Cold Storage and Logistics to highlight the following:

- 1. Company Background
- 2. Ownership Structure
- 3. Leadership team with over 100+ years of experience in the cold storage space
- 4. Our Mission, Vision, and Values
- 5. Current facility network and future considerations

All of us at Arcadia are very excited about the Reno location as we approach our September go-live date. We thank you in advance and look forward to the board's decision on these incentives.

Sincerely,

Andrew Janson, Chief Operating Officer

Andrew Janson

Arcadia Cold Storage & Logistics Overview

March 2023

COMPANY BACKGROUND AND OVERVIEW

OVERVIEW

- Established in May of 2021, Arcadia Cold Storage and Logistics (Arcadia Cold, LLC) specializes in providing third-party handling, storage, distribution, and value-added services to the food industry.
- Arcadia Cold bridges the innovation and supply gaps within the cold industrial industry in the United States through modern cold storage warehouse development expertise and proven operational "know how".
- Its strategic development partnership with Saxum Real Estate offers a collaborative approach to the
 design-build and operation model that provides for efficient construction of fully temperature convertible
 buildings, coupled with modern supply chain technology innovations for its valued customers in the "New
 Age of Cold Chain".

BACKGROUND

- Arcadia was uniquely formed to aggressively meet the pressing demand for new, contemporary cold storage warehousing and distribution in the U.S. and offer producers, retailers and foodservice providers of better option for the care, custody and control of their products.
- Arcadia's Senior Leadership Team was hand-picked from some of the largest current providers for thei
 unparalleled knowledge and represents the industry's most operationally and commercially prover
 teams with over 100 combined years of experience
- The company's "greenfield" thesis unlike the vast majority of the U.S. based 3PL providers, is purposebuilt to offer the market a return to a high-touch, customer focused operating model that operates within highly convertible and efficient buildings in key supply chain hubs across the country.
- Arcadia is well-capitalized with ~\$1.5bn committed to the thoughtful design, development and operation
 of 20-25 facilities over the next 5-7 years to service the changing supply chain needs of its customers.

Arcadia Cold, LLC Corporate Office 5909 Peachtree Dunwoody Road Building D, Suite 909 Atlanta, GA 30328

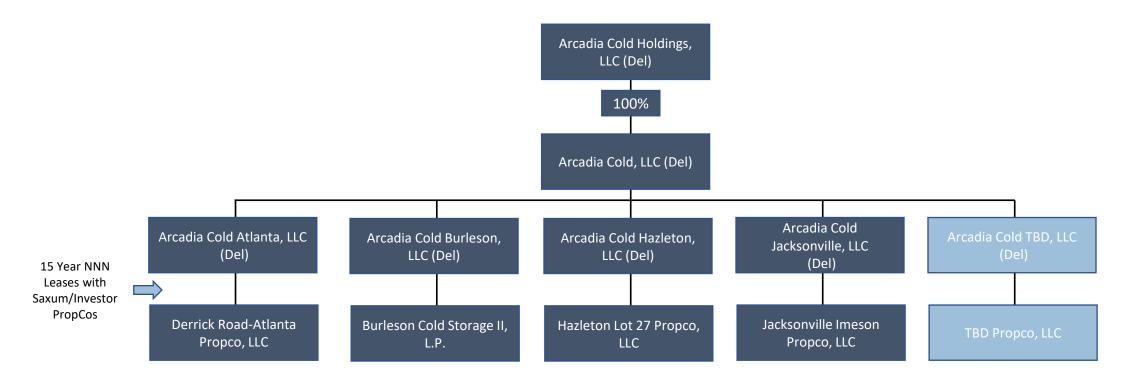

ARCADIA OWNERSHIP AND FINANCIAL STRENGTH

Arcadia Cold, LLC is a wholly-owned operating subsidiary of Arcadia Cold Holdings, LLC – a Delaware limited liability company. Arcadia Cold Holdings ("Holdings") is owned by certain funds controlled by Saxum Real Estate, a privately held investment and development firm that invests and develops industrial, multifamily, office, mixed-use, and student housing assets across the U.S. Saxum's total assets under management exceeds \$2Bn. From a financial perspective, Arcadia Cold is extremely well-capitalized - having raised nearly \$40Mn in operating capital over the last twelve months to fund its start-up and pre-launch expenses. Arcadia has sufficient capital to support both its projected facility starts and all working capital needs necessary to support its ongoing operations until and beyond the period in which it expects to reach operating positive cash flow in 2025. By FY-end 2025 (year 2 of operations), Arcadia projects its revenue and EBITDA to be \$150Mn and \$6.5Mn respectively with 13 sites in operation (5 stabilized).

Working collaboratively, Saxum and Arcadia design the cold storage properties, Saxum and a limited number of institutional real estate investors fund the construction of the real property using industry-leading general contractors, and Arcadia Cold directly leases the property from Saxum under a 15-year NNN lease structure as follows:

OUR LEADERSHIP TEAM

Chris Hughes
President & CEO

Arcadia's President, Chris Hughes, has nearly 30 years of supply chain industry experience, with 18 years of both commercial and operational executive leadership specifically within the 3rd party global cold storage industry. As Chief Commercial Officer for Americold Logistics (Americold Realty Trust: COLD), Chris was responsible for supply chain solutions development, sales & marketing and growth capital/M&A oversight and participated in the Company's initial \$600m IPO launch in 2008. Chris co-founded the 4th largest global cold storage warehousing and distribution company, Agro Merchants Group, where he led all related company start-up activities and M&A deal sourcing for the North and South American business units and was responsible for the Company's largest operating unit in North America (\$200m in revenue, \$32m EBITDA) with 26 facilities, 4 million square feet, and 315,00 pallet positions. Chris holds a BA degree in Political Science from Princeton University.

JD Schwefler
Chief Commercial Officer

JD Schwefler, as Arcadia's Chief Commercial Office, leads all commercial aspects of Arcadia including Sales, Marketing and Capital Projects. Most recently, JD held the role of VP of Business Development North America at Americold Logistics following the acquisition of AGRO Merchants Group in December of 2020. At AGRO Merchants, JD was VP of Business Development & Revenue Management from 2014-2020 where he had responsibility for establishing strategy, structure, execution, pricing and customer profitability tools and methods for all OBUs. JD spent 11 years with Americold in varying roles from 2003 until 2014 including Director of Project Management (PMO), Sr. Director of National Accounts, and VP of International Business Development. JD is a proud graduate of the Georgia Institute of Technology with a Bachelor of Science degree in Industrial and Systems Engineering.

Andrew Janson Chief Operating Officer

Andy Janson, as Chief Operating Officer, is responsible for leading all of Arcadia's site-level operations across the U.S. network and managing employee safety, customer service, operational quality, and financial (P&L) performance. He brings over 25 years' worth of experience in the temperature controlled 3PL industry. Previously, Andy served as President of MTC Logistics in Baltimore, MD and President & CEO of Hanson Logistics in St. Joseph, MI. In 2019-20 Andy served as Chairman of the International Association of Refrigerated Warehouses (IARW). Andy also served as Board Chair of the International Refrigerated Transportation Association (IRTA) 2009-11. Andy currently serves on the University of Maryland/Robert H. Smith "Supply Chain Management Council" and Board Member of the World Food Logistics Organization (WFLO). Outside of the industry, Andy served as Board Chair for the United Way of Southwest Michigan. Andy Janson graduated from Rockhurst University with a BSBA in Marketing.

OUR LEADERSHIP TEAM

Burnie Taylor Chief Development Officer

Burnie A. Taylor, Arcadia's Chief Development & Solutions Officer, will lead the Company's operational start-ups and related automation solutions for each facility. Most recently, he held the position of Chief Operating Officer and SVP of the Automated Division for Agile Cold Storage. Prior to that he served as Director of Major Capital Projects at Preferred Freezer Services with responsibility for managing construction, project management and startup of Greenfield and expansion projects across the United States. During his almost seven years with PFS he also held the role of General Manager to manage the startup and operations of the largest and most technologically advanced frozen storage warehouse in the world. He has over 20 years of progressively responsible experience in the areas of Finance, Strategic Planning, Business Development, Project Management, Logistics and Operations. He currently serves as a Board Member of the Controlled Environment Building Association. Mr. Taylor holds an undergraduate degree in Accounting and Information Systems from DeVry University.

Chris LaFaire
Chief Information Officer

Chris Lafaire, as Chief Information Officer, is responsible for all commercial and supply chain IT capabilities across the US network, including Cybersecurity operations. Chris has 22 years of experience in the distribution industry. Previously Chris was managing the IT department for a nationwide quick serve coffee chain with more than 9,000 locations. Chris has experience implementing and managing ERP and Warehouse systems for the Wholesale Distribution Industry. Chris has implemented Warehouse systems for the biggest Foodservice Distributor in the US and multiple foodservice manufacturers. Throughout his career, his primary focus has been transforming organizations through strategy, operations, and implementation of technologies to enable growth, streamline operations and improve customer satisfaction. Chris holds an undergraduate degree in Chemical Engineering from Iberoamericana University and a minor on Foodservice Business Administration from University of Virginia.

OUR MISSION, VISION AND VALUES

Vision

To be the highest quality, customer-centric cold chain solutions provider in North America.

Mission

To design and deploy modern facilities and provide innovative solutions through the practical application of technology, creating meaningful value for our customers while helping them meet their strategic objectives – establishing *The New Age of cold chain*.

Community

- Promote a culture that prioritizes safety for our employees
- Be a good steward for the communities in which we operate
- Support philanthropy and community service across the Company

Integrity

- Have respect, confidence and trust in those we work with
- Raise our hand when we see something is wrong or not done correctly
- Do the right thing, not the easy thing every time no short cuts

Accountability

- Take ownership own our mistakes as much as our successes
- Approach every task as if the Company's success depends upon it – because it does
- Do what we say we are going to do

To design and deploy modern facilities and provide innovative solutions through the practical application of technology, creating meaningful value for our customers while helping them meet their strategic objectives – establishing The New Age of cold chain.

Transparency

- Encourage open communication and collaboration to bring forth creative solutions
- Raise our hand when a problem exists and work collaboratively with teammates and customers to resolve it quickly and ethically
- Be open and honest in everything we do

Humility

- Be confident, but caring and humble always
- Treat customers and colleagues as we want to be treated no matter how difficult the issue or circumstance
- Use the momentum of our own success to move the success of others

Impact

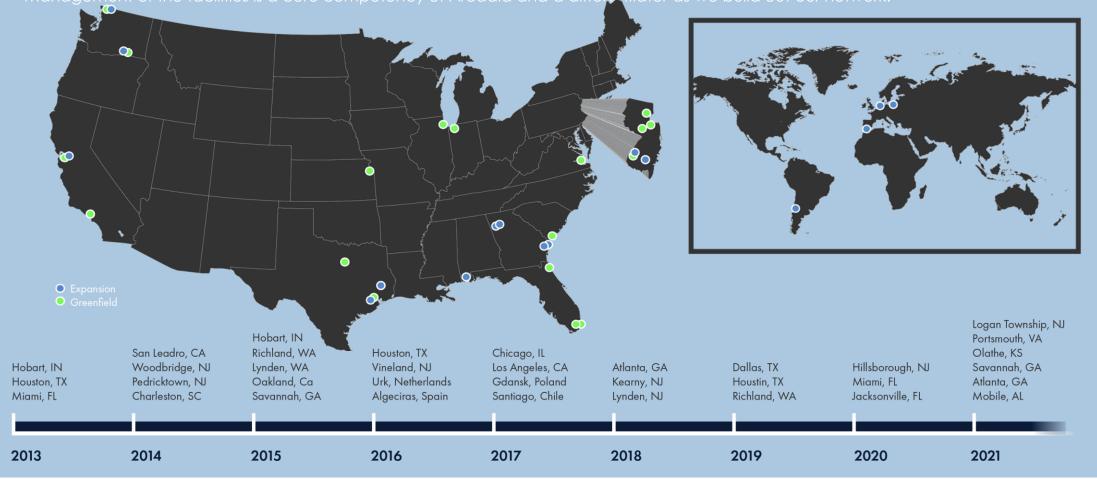

- Approach each day with the aim to be better than the day before
- Be empowered and empower those around you to exceed expectations
- Have a strong work ethic, be innovative and focus on finding solutions

OUR NEW FACILITY DEVELOPMENT EXPERIENCE

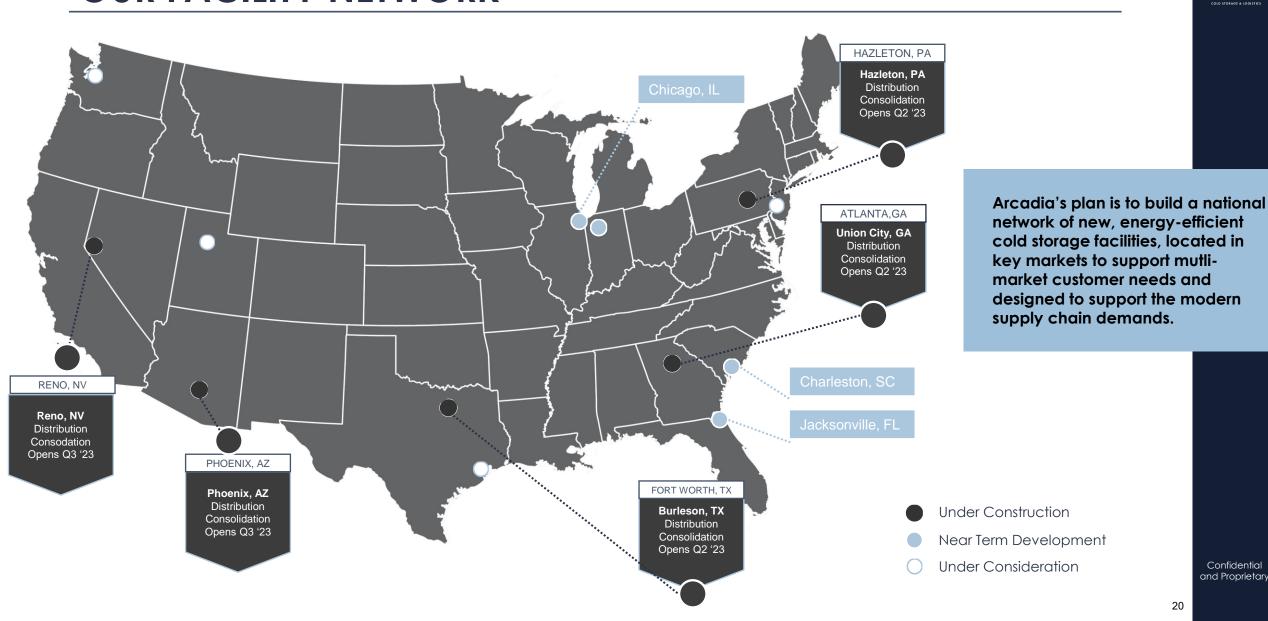

The Arcadia Leadership Team has more than 100 years experience in cold chain facility development and operation

Collectively as a group we have been responsible for more than 30 new facility builds or expansion projects totaling over 1M pallet positions, 6.5M square feet, and 350M cubic feet of cold storage space. The development, startup of operations and ongoing management of the facilities is a core competency of Arcadia and a differentiator as we build out our network.

OUR FACILITY NETWORK

OUR SERVICES

Arcadia offers a full suite of innovative cold chain handling and distribution solutions to provide comprehensive support our customers specific needs.

COLD STORAGE

BLAST FREEZING

PORT BASED HANDLING

VALUE ADDED SERVICES
