Nevada Governor's Office of

ECONOMIC DEVELOPMENT

Rural Economic and Community Development

How do we encourage economic and community development in rural Nevada through GOED's Rural division?

Primary Programs:

Community Development Block Grants (CDBG)

Nevada Main Street

Nevada Governor's Office of

ECONOMIC DEVELOPMENT

Community Development Block Grant *CDBG*

GOED administers the non-entitlement (rural towns of less than 50,000 or counties less than 200,000) CDBG funding for the State of Nevada.

\$2,895,399 – 2023 allocation from HUD

All projects must meet one of three national program objectives:

- **Benefit low to moderate income people.**
- **Prevent or eliminate slum and blight.**
- **Meet current urgent community development needs.**

All projects must also have an economic development impact

Nevada Governor's Office of

\$2,895,399 – 2023 allocation from HUD
ECONOMIC DEVELOPMENT

Community Development Block Grant

CDBG

5 Awarded 2023 Projects

- **\$500,000 City of Fallon Kaiser Street Roadway ADA Project – will create safe ADA compliant sidewalks.**
 - **\$500,000 City of Fernley Community Response and Resource Center - will assist with food insecurity, emergency shelter/quarantine, childcare, education needs, and mental health support.**
 - **\$458,537 City of Wells Shoshone Ave. Sidewalk - will help correct issues with flooding by constructing curb, gutters, and sidewalk.**
 - **\$250,000 Esmeralda County Emergency County Address System - will create a new address system, allowing emergency vehicles to find callers.**
 - **\$500,000 Nye County Airport Fueling System - will install a new fueling system, ensuring compliance with FAA standards.**
-

Community Development Block Grants

West Wendover: Downtown Development

This project assisted with the engineering and construction of the Downtown Plaza, creating a dedicated downtown area to bring in more diverse businesses to the community.

Community Development Block Grants

Nye County: Union Plaza

This project converted a blighted area of Tonopah into a parking/event area with drainage, lighting, efficient parking, seating, and landscaping, creating a safer public gathering space and encouraging economic activity downtown.

Community Development Block Grants

City of Wells: Wells Main Street Retail Center Project

This project purchased a vacant downtown motel and converted it into a retail center for entrepreneurs. There are currently 5 small businesses, one is expanding to a third room, and three more spaces have been completed.

Nevada Main Street

- Partners with Main Street America – a national organization with thousands of participating communities throughout the country and decades of revitalization experience.
- Focused on downtown revitalization, historic preservation, community development, beautification, and economic vitality.
- Offers community-based initiatives with a practical, adaptable framework to adjust for each unique community, growing with the community over time.
- All about empowering local communities to improve quality of life for residents and keep their sense of place.

Nevada Main Street

How do we empower communities?

Communities receive from GOED and Main Street America:

- Organizational Development Services
- Board Member, Staff, Committee Training
- Networking, Scholarships, Grants
- Member access to the Main Street America website
- Biweekly Teams calls alternating partner presentations and community updates
- Direct Support from the Director of Rural Economic and Community Development

Nevada Main Street

Received \$700,000 one shot funding in the last session:

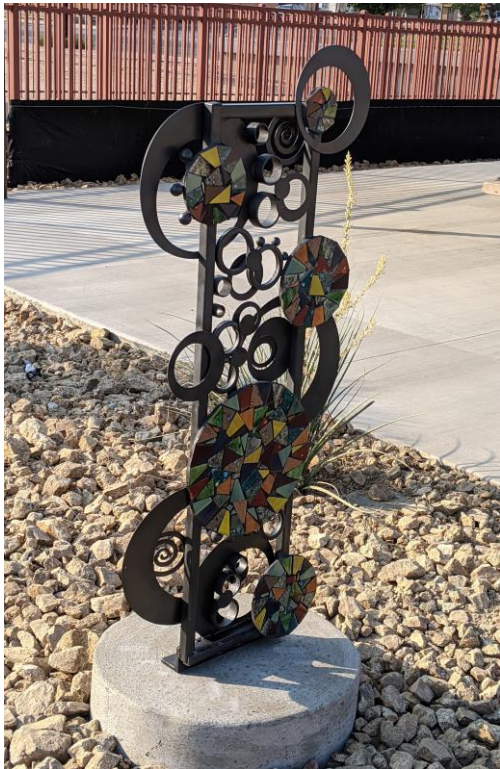

- Conducted 2-day strategic planning workshops
 - 5 different towns,
 - 19 participating communities
 - In partnership with UCED/Dr. Fred Steinmann
 - Will have regular quarterly check-ins to keep on track
- Competitive Grants
 - Open in April
 - Will operationalize the goals in the strategic plans

Nevada Main Street

This work cannot be done in silos, it takes strategic, mutually beneficial partnerships:

- Partners include Travel Nevada, the Division of Outdoor Recreation, the State Historic Preservation Office, Small Business Development Center, USDA-Rural Development, Senator Rosen's Office, Senator Cortez Masto's Office, the University Center for Economic Development, the Department of Business and Industry, Rural Nevada Development Corporation, the Office of Small Business Advocacy, the Nevada Arts Council, State Parks, the Bureau of Land Management, Nevada Rural Housing, Western Nevada Development District, the Department of Transportation, and the Regional Development Authorities.
- We also work directly with the divisions within GOED – most recently with the newly established Office of Entrepreneurship.

DOWNTOWN RENO PARTNERSHIP

How do CDBG and Nevada Main Street support GOED's mission?

By creating healthy communities that can support economic development through:

- Investing in infrastructure and capital improvements
- Investing in health and safety
- Providing funding for planning, which allows communities to apply for other grant funds as well – especially for big projects (Frankenfunding)
- Supporting small business creation, attraction, retention, and expansion
- Creating communities that potential employees would like to move to, and current residents would like to remain in
- Supporting community-led growth while retaining a community's identity and sense of place.
