

WORKFORCE INNOVATIONS FOR A NEW NEVADA
 WORKFORCE DEVELOPMENT PROGRAM SUMMARY

Agency	University of Nevada, Las Vegas School of Nursing
Program Name <i>(Complete a summary for each program)</i>	CNA Technology and Telehealth
Contact <i>Include Name, Phone and Email</i>	Carolyn E. Sabo, EdD, MSN, RN 702-895-3342 Carolyn.Sabo@unlv.edu
Program Description <i>Briefly describe training program components. Highlight length of program and access or mobility features that would be of interest to an employer.</i>	<p>This program is designed to enhance the skills and competencies of CNA program graduates in the areas of technology and telehealth. Students that complete the program represent the future of the healthcare workforce and will have the necessary skills to become effective bridges between clinical and community settings.</p> <p>This is a 10-module online program with competency evaluations at the end of each:</p> <ul style="list-style-type: none"> • Expanding the perception of technology in healthcare • HIPAA and information technology • Nursing informatics and health informatics competencies – what the CNA should know <p>The certificate requires a minimum of 25 contact hours to complete.</p>
Outcomes <i>Please identify specific industry-recognized credentials and/or degrees that result from program completion.</i>	Participants completing the program will receive two certificates of completion: 1) Health Information Technology for the CNA; and 2) Principles of Telehealth for the CNA. Continuing education units (24 CEUs) have been applied for from the Nevada State Board of Nursing for recertification applications.
