Company Profile

Vantage Data Centers NV12, LLC (Vantage Data Centers NV12) plans to build a collocated data center facility in Storey County. The proposed data center will likely serve 1-2 tenants, who are usually some of the largest technology companies in the country. The Company is a U.S. based technology development company that was established in Nevada on September 17, 2024. The Company offers products and services that power, cool, protect, and connect the technology of the world's well-known hyperscalers, cloud providers, and large enterprises. Vantage Data Centers NV12 also takes a proactive approach to greenhouse gas emissions, usage of clean and reliable energy, water scarcity, and other community concerns. Water usage has emerged as an extremely important consideration in the design, location, and operation of data centers in the future. The proposed project's site design work is very preliminary, but a closed loop system is preferred at this point, providing for better water conservation efficiencies than alternatives like evaporative cooling. The closed loop system is the Company's preferred technology. Additionally, the Company is a signatory of The Climate Pledge, another strategic step in the Company's ongoing commitment to reduce its environmental impact and lessen the effects of climate change. At the local level, company employees volunteer their time and make consistent efforts to be involved in the community. *Source: Vantage Data Centers NV12, LLC*

IMPORTANT TERMS & INFORMATION

Tax Abatements are **reduction or discount of tax liability** and companies do not receive any form of payment.

Total Estimated Tax Abatement is a tax reduction estimate. This estimated amount will be discounted from total tax liability.

Estimated New Tax Revenue is amount of tax revenues local and state government will collect after the abatement was given to applying company.

Economic Impact is economic effect or benefits that this company and it's operations will have on the community and state economy measured by total number of jobs, payroll and created output.

Tom Burns, Executive Director
Governor's Office of Economic Development
808 West Nye Lane
Carson City, NV 89703

Re: Vantage Data Centers NV12, LLC

Dear Mr. Burns:

EDAWN hereby supports the application of Vantage Data Centers NV12, LLC for the Sales & Use Tax Abatement, Modified Business Tax Abatement, and Personal Property Tax Abatement incentives.

Vantage Data Centers is an expansion of the current data center located on 100 & 200 Electric Ave in Storey County, NV. The company will continue to offer products and services that power, cool, protect, and connect the technology of the world's well-known hyperscalers, cloud providers, and large enterprises.

The company will be investing \$254 Million dollars for capital equipment and other costs associated with the project within the first two years of the development. The company commits to hiring ten employees within the first 5 years at an average wage of \$64.20 per hour.

The company's compensation package includes medical benefits, overtime, PTO/sick/vacation, bonus, retirement plan /401K. Merit increase, COLA adjustments, tuition assistance, wellness bonus. 90% of the employee health insurance is covered by the company.

EDAWN supports this application as the company meets all three incentive requirements. Vantage Data Centers NV12, LLC has an excellent reputation within the industry.

GOED's support of the incentive application for Vantage Data Centers NV12, LLC is a significant factor in their pending decision to expand into northern Nevada and speaks favorably to the State's business-friendly environment.

Sincerely,

Heather Wessling-Grosz
EDAWN, Executive Vice-President
Business Development

Re: Application for Incentives to the Governor's Office of Economic Development

Dear Executive Director Burns:

Vantage Data Centers NV12, LLC ("Company") has enclosed an application to the State of Nevada Governor's Office of Economic Development ("GOED"), pursuant to NRS § 360.754 (the "Act"), for certain incentives related to a proposed data center to be developed in Storey County, Nevada (the "Project"). The purpose of this letter is to comply with the application checklist provided by GOED.

1. Incentives Requested

The Company hereby requests any and all abatements available under the Act, including, but not limited to, the abatement of: (i) sales and use taxes for a period of 10 or 20 years, and (ii) personal property taxes for a period of 10 or 20 years, all in accordance with the Act.

2. Significance of Abatements on Decision to Locate

The availability of tax abatements/reductions played a significant role in the Company decision, subject to approval of the abatements and successful execution of certain key agreements, to construct a data center in the State of Nevada. While many other factors supported the location decision, including availability of a suitable project site and utilities considerations, the availability of the tax abatements/reductions made the potential Project significantly more competitive and appealing for securing a tenant.

3. Major Markets for Product Distribution

The proposed data center will likely serve 1-2 tenants, who are usually some of the largest technology companies in the country.

4. Job Growth Plans

The Project is projected to create at least 10 new, full-time, Nevada resident employees by 2029. The job growth plan is more fully described in Section 6(E) — Employment Schedule of the Data Center Tax Abatement Application.

Business History and Plans

The Company is a U.S.-based technology development company that was established in Nevada on September 17, 2024. The Company offers products and services that power, cool, protect, and connect the technology of the world's well-known hyperscalers, cloud providers, and large enterprises. This Project would mark the first data center to be located in Nevada. The development of this Project would continue to make Nevada an important part of the company's growth strategy going forward. The Company expects to begin operations in Storey County, Nevada by the third quarter of 2026.

6. Community Involvement

At the local level, the company provides sponsorship to organizations, and Company employees volunteer their time to organizations including hunger relief and food banks, among others. Also, the Company is very proud donor to Habitat for Humanity. There has been times the charity has invited us to help with their builds!

7. Environmental Sustainability

The Company's sustainability strategy focuses on five core areas:

- Greenhouse Gas Emissions
 - 2030 = Goal to reach Net Zero Carbon Emissions
- Energy
 - Efficiency and clean energy focus; multiple projects employing novel practices for deployment with other data centers
- Water Usage
 - Industry-leading Water Usage Effectiveness (WUE) closed loop system allows for less water; focus on using recycled and reclaimed water
- Waste
 - Focus on obtaining zero-waste certifications
- Community
 - Engage with communities to develop innovative solutions and partnerships to proactively address local needs

Water usage has emerged as an extremely important consideration in the design, location, and operation of data centers in the future. The proposed project's site design work is very preliminary, but a closed loop system is preferred at this point, and that provides for better water conservation efficiencies than alternatives like evaporative cooling. The closed loop system is the Company's preferred technology.

The Company is a signatory of The Climate Pledge ([The Climate Pledge | Be the planet's turning point](#)), another strategic step in the Company's ongoing commitment to reduce its environmental impact and lessen the effects of climate change.

With this Project, the Company looks forward to building a successful partnership with the State of Nevada.

Best,

A handwritten signature in cursive script that reads "Debbie Murray".

Re: Request for Confidentiality - N.R.S. § 231.069

Dear Executive Director Burns:

On behalf Vantage Data Centers NV12, LLC, we are writing to request that the Governor's Office of Economic Development keep the following records and documents of Design confidential pursuant to N.R.S. § 231.069:

1. Schedule 6(B) of the Data Center Tax Abatement Application for Vantage Data Centers NV12, LLC, which provides the detailed Capital Equipment List; and
2. Schedule 6(E) of the Data Center Tax Abatement Application for Vantage Data Centers NV12, LLC, which provides the detailed Employment Schedule.

Each of the documents identified above consist of trade secrets, confidential economic information or other business information that should be declared proprietary or confidential consistent with Nevada law. *See* N.R.S. §§ 231.069(5) and 360.247(10). This information is not available to the public generally, provides an economic benefit to the holder of the information, and has been the subject of more than reasonable efforts by Design to maintain its secrecy. These documents contain proprietary or confidential information that belong to the Design.

Thank you for your consideration of this request. If you need any additional information, please do not hesitate to contact us.

Best,

Debbie Murray

Site Selection Factors

Company Name: Vantage Data Centers NV12, LLC

County: Storey

Section I - Site Selection Ratings

Directions: Please rate the select factors by importance to the company's business (1 = very low; 5 = very high). Attach this form to the Incentives Application.

Availability of qualified workforce:	<u>4</u>	Transportation infrastructure:	<u>2</u>
Labor costs:	<u>3</u>	Transportation costs:	<u>2</u>
Real estate availability:	<u>4</u>	State and local tax structure:	<u>5</u>
Real estate costs:	<u>4</u>	State and local incentives:	<u>5</u>
Utility infrastructure:	<u>5</u>	Business permitting & regulatory structure:	<u>5</u>
Utility costs:	<u>5</u>	Access to higher education resources:	<u>4</u>

OTHER FACTORS & RATINGS:

Vantage Data Centers NV12, LLC uses a variety of factors and ratings to locate potential jurisdictions to build a data center. Aside from the key contributors listed above, we also considered factors such as the business climate of the jurisdiction, access to power, and potential for future expansion.

6(A) Real Estate & Construction

Company Name: Vantage Data Centers NV12, LLC

County: Storey

Section I - Real Estate & Constructions Projections

Directions: please provide a 20 year projection of the real estate costs for current year (year-1) and future land and building procurement, as well as, current and future annual lease amounts and possible construction costs due to building improvements. Complete [columns (a) and (f)]. These estimates are used for state economic impact and net tax revenue analysis that this agency is required to report. The company will not be required to reach these estimated levels of real estate costs. Attach this form to the Incentives Application.

(a) Year	(b) Land Cost	(c) Construction Cost	(d) Building Purchase	(e) Annual Lease Amount	(f) Building SqFt
