

HOW WE HELP COMPANIES

Custom Cost Comparison

LVGEA delivers cost analyses comparing financial performance and quality of life in Southern Nevada to major markets. By understanding your goals, we provide data-driven insights to support confident location decisions. Our analyses use real-time market data and incentives to help businesses identify cost savings and long-term growth opportunities.

Workforce Development

Our workforce specialists partner with your team to align talent strategies with business needs. From recruiting and training to identifying incentives, we provide a focused approach to building a strong workforce at no cost. We work closely with regional partners to ensure access to a reliable and scalable talent pipeline.

Public/Private Sector Community

Southern Nevada offers a highly connected business environment. Since 1956, LVGEA has linked companies with key public and private sector leaders, helping you access the right relationships quickly and effectively. This connectivity supports faster decision making and long term business success.

Foreign Trade Zone

As the designated operator of Foreign Trade Zone 89 in Clark County, LVGEA helps companies defer, reduce, or eliminate duties on imported goods. This supports improved cash flow, lower costs, and greater flexibility in global trade. Businesses also benefit from streamlined customs procedures and more efficient supply chains.

Tax Abatements

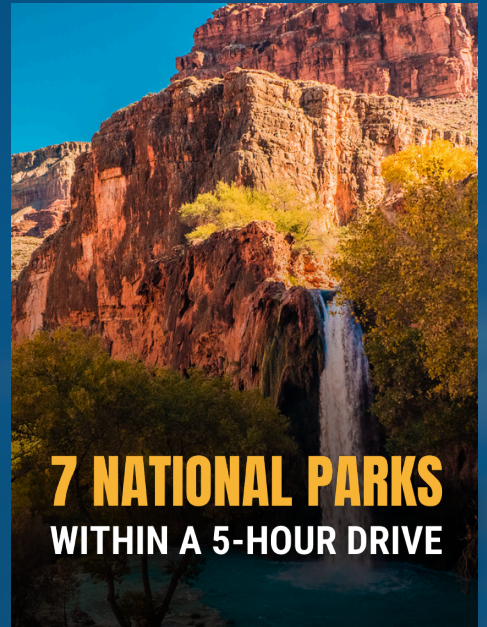

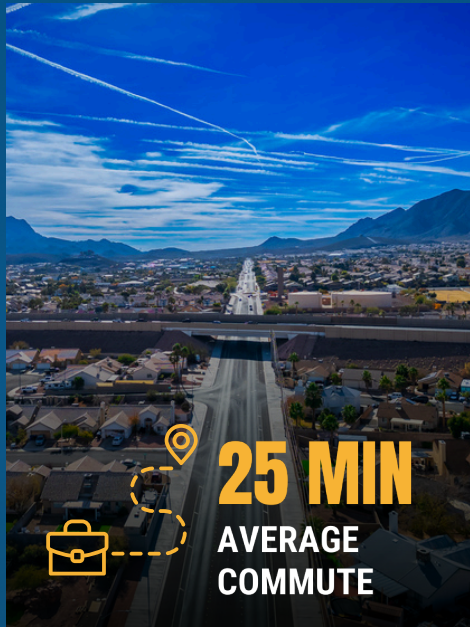

LVGEA guides businesses through securing state incentives that support growth and compliance requirements. These may include abatements on sales and use tax, modified business tax, and personal property tax for a defined period. Our team helps ensure a smooth and efficient application process from start to finish.

Site Selection Assistance

Our site selection services simplify finding the right location in Southern Nevada. Explore available properties and data at SouthernNevadaSites.com, and access expert guidance at no cost. We help align site decisions with your operational, workforce, and long term growth objectives. Our team provides detailed market insights to support confident, data driven decisions.
