Agreed-Upon Procedures
Period of July 1, 2025 through June 30, 2026
Redwood Materials, Inc.

Independent Accountant's Report

To the Board of Directors and Management
Redwood Materials, Inc.
Carson City, Nevada

We have performed the procedures enumerated below related to Redwood Materials, Inc.'s (the "Company") schedules of qualified employees and construction employees and to the Company's listing of all capital investments made by the Company (as defined in the SB1 Incentive Compliance Agreement) in the State of Nevada (the "Subject Matter") for the period of July 1, 2025 through June 30, 2026 (the "Period"). The Company's management is responsible for the Company's compliance with the State of Nevada SB1 Incentive Compliance agreement for the period of July 1, 2025 through June 30, 2026.

The Company has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting users in understanding the Company's compliance with the State of Nevada SB1 Incentive Compliance Agreement during the period of July 1, 2025 through June 30, 2026, and we will report our findings based on the procedures performed. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and the associated findings are as follows:

Required Qualified Employee Audit Data (Exhibits A-B)

1. We obtained a schedule from the Company listing all qualified employees of the Project Site for the period of July 1, 2025 through June 30, 2026.
2. We selected a sample of 25% of the qualified employee additions during the period per the summary sheet. For each selected qualified employee: we agreed wages paid to a paystub or W-2 form (or equivalent system-generated payroll report) to include wages, 401(k) contributions, and cafeteria plan contributions; we agreed residency status to a copy of their current (during the period under review) and valid Nevada driver's license, a copy of their current (during the period under review) motor vehicle registration, or other Nevada DMV proof of residency; and we agreed qualified employee status to the payroll information obtained above to test that the qualified employee was employed full-time and scheduled to work for an average of 30 hours per week at the Project site and had been for at least three consecutive months as of June 30, 2026, as well as proof that the qualified employee was offered coverage under a plan of health insurance provided by the Participant. Our sample selected resulted in the 90% accuracy threshold being met.

3. We recalculated the average wage of reported qualified employees to test that the minimum average wage of \$22.00 was met without exception.
4. We recalculated the residency as a percentage of qualified employees for the project to date to verify the percentage reported and that at least 50% of qualified employees are Nevada residents, as required, was met without exception.
5. We agreed the schedule of qualified employees obtained to the Required Qualified Employee Audit Data form without exception.

We noted that, as of June 30, 2025, the eligibility for transferable tax credits has reached statutory expiration. During the reporting period of July 1, 2024 - June 30, 2025, Redwood Materials, Inc. reported 84 NQE and transferable tax credits of \$798,000 for the reporting period and project to date period totals of 762 NQE and transferable tax credits of \$7,239,000. These amounts were denied as credit approvals were required prior to the statutory expiration. Therefore, the total received prior to the statutory expiration was 678 NQE for \$6,441,000 transferable tax credit.

Combined Required Construction Employee Audit Data (Exhibit D)

1. We obtained a schedule listing all construction employees of the Project Site for the period of July 1, 2025 through June 30, 2026.
2. We selected a sample of 25% of the construction employee additions during the period listed as Nevada residents per the summary sheet. For each selected construction employee, we agreed residency status to a current (during the period under review) and valid Nevada driver's license, a copy of their current (during period under review) motor vehicle registration, or other Nevada DMV proof of residency. Our sample selected resulted in the 90% accuracy threshold being met.
3. We recalculated the residency as a percentage of construction employees for the project to date to verify the percentage reported and that at least 50% of construction employees are Nevada residents, as required, was met without exception.
4. We agreed the schedule of construction employees obtained from each participant to the Combined Required Construction Employee Audit Data form without exception.

Required Property Audit Data (Exhibits A and C)

1. We obtained the real and personal property listings from the Company listing all capital investments made at the Project Site for the period of July 1, 2025 through June 30, 2026.
2. We selected a sample of property additions of 25% of the total book value of property additions during the period.
3. We inspected the supporting documentation obtained for the sampled property additions to determine that the addition met the definition of a capital investment per the Incentive Agreement, and verified the determination of depreciable life was reasonable. Our sample selected resulted in the 90% accuracy threshold being met.
4. We footed the listings by asset class/depreciable life without exception.
5. We agreed the listings obtained from the Company to the Required Property Audit Data form, by asset class/depreciable life grouping and in total without exception.

We noted that the land addition for \$29,508,889 in the current period is from the year ended June 30, 2023, and was not included at that time. In order to get a correct project to date ending balance it is presented as an addition in the current year report.

We were engaged by the Company to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or a review, the objective of which would be the expression of an opinion or conclusion, respectively, on compliance with the State of Nevada SB1 Incentive Compliance agreement during the period of July 1, 2025 through June 30, 2026. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the Board of Directors and Management of Redwood Materials, Inc. and the State of Nevada and is not intended to be, and should not be, used by anyone other than these specified parties.
